BEST OF 50+ HOUSING AWARDS TO HONOR INDUSTRY LEADERS IN ACTIVE ADULT MARKET

The National Association of Home Builders' 50+ Housing Council is currently accepting submissions for the 2007 Best of 50+ Housing Awards, to be held May 31 at the Hyatt Regency Denver during the Building for Boomers & Beyond: 50+ Housing Symposium 2007. "The 50+ housing arena is constantly evolving and changing for the better," says Doug Van Lerberghe, chairman of the 2007 Best of 50+ Housing Awards committee. "The Best of 50+ Housing Awards is an opportunity to recognize builders and other professionals who contribute their most inspired efforts to meet the growing needs of this unique market." The 2006 winners, some of which are pictured here, captured the best of numerous Active Adult categories such as overall community, clubhouse design and renovated housing.
